Second Notice of Appeal.

'Jesus was sitting on the Mount of Olives.' There the disciples came to him in private. "Tell us," they said. "When will this happen? And what will be the sign of your coming? what will be the sign of the End?" See Matthew 24:3...

In this case at bar, On October 19, 2007, Sue L. Robinson, Chief Judge, ended this matter, and notwithstanding her granted 30 days to put \$350.00 in her purse. Whereas, she can reasonably foresee or heard that 3 Spanish inmates got murdered in this prison, not by

amongst Mexican and Puerto Rican inmates, in struggle for power, as the Warden describes the Incident, I, Gbeken-Awala was in the Gym on Monday November 12, 2007, and while I rested on the Stairs and the appropriate seats provided for sports events, although there had been a very large amount of Mexican inmates in the Gymnasium, and while I exited that area, and attempted leaving the entire Gym, I was ordered back into the Building and while these officers knew something terrible was about to occur, they permitted the extremely large Mexican inmates to enter the Large Basketball Floors, to confront the Puerto Ricans already waiting for them to merge for real heavy fights. These occurred for 10 mins, while they stab each other, mercilessly kicked each other to the ground, while the officers watch approximately 150 inmates against 100 Puerto Ricans. They then shot the Riot Guns and sprayed gases, everyone fall down, Blood everywhere and Bodies Immovable on floors.

You will hear about wars and killings, but with high significance, in Prison, I was placed under imminent danger of physical injury or death and Hades, what would be the sign of this false Arrest and Malicious protection in the exercise of my protected Citizenship Rights at birth. See United States v. Anderson, 923 F.2d 450, (1991). This Court has power to dismiss the unfounded Indictments filed by these Buffoons prosecutors. See

2.

The restriction caused by the defendants named in this action is found arbitrary and Capricious. see *Lican v. Ferruzzi*, 22 F.2d 344 (1st Cir. 1944).

You all have put stumbling blocks, on my property, liberty and substantial Justice, including the right to obtain my Birth Certificate from Florida. I will not cease to fight against you with pen and my mouth, you are all perjured Judges, duelling in Satan's throne. What I'm I doing in Prison, you sit on a matter which the State Insulation has control of like a flame of fire.

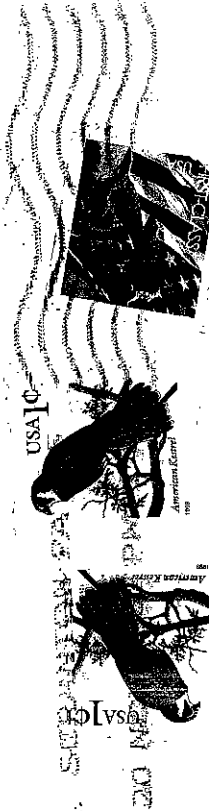

Wherefore, you will not escape this punishment in Hell. I was born here by Act of God not of human. Murderers needs to use the principles given them for Justice. FUCK YOU ALL!

Killers and murderers, checkers, I am in Prison for nothing, I'm actually ~~not~~ factually innocent.
